

Corporate Wellness Initiative -- Are you ready?

Opportunities that will fuel future prosperity will always be available to those who are ready to take advantage of them. Is your business ready?

Silicon Valley Law Group is excited to announce its **Corporate Wellness Initiative**. One of our experienced business attorneys will visit your business and conduct a confidential review of your corporate health. Put simply, we are offering a **cost-effective equivalent of an annual check-up**.

Whether you want to be sure you are positioned to take advantage of new opportunities as they arise, or just want to perform some preventative maintenance on areas of your existing operations, the Corporate Wellness Initiative is an effective solution for businesses operating in today's market.

Our goal is to identify areas that may either suggest unnecessary risk or which might present obstacles to quick and effective action. **We will cover the following areas, and more:**

- Corporate records, such as bylaws, minutes of required meetings, resolutions, and shareholder records
- Intellectual property protection and strategies
- Supplier agreements and policies
- Sales and licensing documentation
- Employment policies and compliance
- Independent contractor analysis
- Officer and director indemnity
- Environmental issues
- Leases and real property transactions

We will perform a general review, or you can "tell us where it hurts" and we will focus on your specific areas of concern. Following the review we deliver a personalized, confidential **Summary Wellness Report** which identifies issues that need attention and makes practical recommendations. Next, **we help you implement them**. Finally, we include **quarterly follow-up visits to help you stay on track**.

The complete Corporate Wellness Initiative program includes:

- **Four hour Wellness Check (\$1700+ value)**
- **Summary Wellness Report (\$1300+ value),**
- **Three hours of senior attorney services (\$1300+ value)**
- **Three quarterly follow-up meetings (\$1300+ value)**

You pay only \$2900 (over a 50% discount off standard rates).

Please contact me for additional details.
